COST

We are able to offer this seminar in a rather unique way. The upfront registration is just **\$10.00 per person**. This includes a copy of the book *Experiencing Life and Power through Biblical Meditation*, which retails at \$12.99. It also includes snacks, notes, a study guide, laughter, and exposure to a website with much more helpful material.

Near the end of the seminar, we will invite you (in a very non-pressured manner) to “pay it forward” so we can present the seminar in other places. We believe once you experience the seminar, you will be excited about helping to share it with others.

You want to interact with Scripture more and better. Scripture has given us some very specific instructions. Let's take them more seriously than we ever have before!

Experiencing the *Living Word* through Biblical Meditation

So, here's what we know...

...God's Word is really important in our daily life...

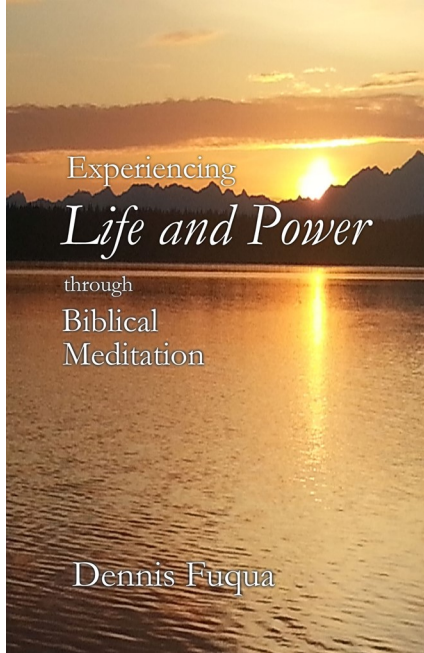

... We can only receive benefit from it when we interact with it...

So here's the question...

Experiencing *Life and Power* through Biblical Meditation

What others are saying...

... Why aren't more people regularly interacting with God's Word in the most powerful manner?

We'd like to help "fix" that.

You are invited to invest a couple hours to make a long-term difference.

After more than 4 decades of practicing Biblical meditation in his own personal life, Dennis Fuqua has not only written the book, *Experiencing Life and Power through Biblical Meditation*, but has also developed this **companion seminar** to help people really grasp the significance and use of this simple but profound way to glean from God's Word. Just as the Lord communicated with His people through the Written Word and the Living Word, so also, we want to communicate this essential message in a written way and in a personal way.

This seminar is not a series of sermons pieced together. It is a highly interactive, fun, creative time which will help you learn about Biblical meditation, and also learn how you can encourage others to do the same.

With 25 years of pastoral ministry and leading an international prayer ministry since 2000, Dennis finds a wonderful balance of sharing his own experiences of meditation and also helping others develop theirs.

You will leave this seminar with a greater appreciation, ability, and confidence to engage in the most meaningful way we can interact with Scripture, for many years to come.

"Thank you, Dennis, for taking on a challenging subject. Many Christians shy away from meditation due to the association with Eastern religions and/or cults. You brings out both the Biblical roots of meditation and the Biblical practice of meditation. In doing so you reclaims an essential Christian spiritual discipline that has been employed by followers of Christ over the generations. This is an essential spiritual discipline that draws us nearer to the heart of God. I highly recommend this book. "

Paul,
Pastor FL

"Dennis has written the book for those who already meditate but need a foundation (Scripture) and a focus (Christ), as well as those who have kept their distance from meditation and need some answers and encouragement. Dennis communicates with the biblical teachings of a pastor, the insights of a prayer leader, and the personal experience of a disciple who follows after Jesus.

"Church members, intercessors, praying pastors ... will all benefit from the instruction and wisdom found in Dennis' latest book."

Phil,
National Prayer Leader, IL
